A Call to Prayer Please consider taking some time day by day to pray for our nation. You know the conflicts that are tearing at our national fabric that are race related, and only exacerbated by the Covid shut-downs and employment situation that many are facing. Our cities are smoldering, in multiple ways. Let's pray for a spirit of peace and healing – for justice to be done to those who have committed crimes, both racial and economic, and that a spirit of rebellion would not come to grip especially our cities in these next weeks and months. [Also, click here for a word on this topic from our Bishops.](#)

A Saturday Pentecost Resource: Our own Jerry Coleman is producing and hosting a Pentecost event for the Francis Asbury Society, featuring a message from our president, Stan Key, and a personal story from one of our board members, Joy Griffin. It will premiere live on the Francis Asbury Society Facebook page on Saturday at 4:00 pm ET. [You can find that by clicking here.](#)

A Sunday Pentecost Resource: from Anne Graham Lotz: [You can click here for that link and information.](#)

And Finally, In the Interest of Keeping our Sense of Humor:

"Mister, why doesn't this cow have any horns?" asked the young lady from a nearby city.

The farmer cocked his head for a moment, then began in a patient tone, "Well, ma'am, cattle can do quite a lot of damage with horns. Sometimes we keep 'em trimmed down with a hacksaw - which doesn't hurt the cow, of course. Other times we can fix up the young ones by putting just a drop or two of acid where their horns would grow in, and that stops them from growing. There are also some breeds of cattle that never grow horns – Angus, for example.

So there are many reasons why cows may not have horns. But the reason this particular cow doesn't have any horns, ma'am, is because it's a horse."

Peace and Blessings, Sisters and Brothers,

Pastor Daryl
